

ADDENDUM
South Carolina Consolidated
Annual Performance & Evaluation Report
Program Year 2012
April 1, 2012 – March 31, 2013

CDBG Program Narrative Attachments

This Addendum contains the attachments to the State of South Carolina's Program Year 2012 Consolidated Annual Performance & Evaluation Report (CAPER), Section IV – CDBG Program Narrative. Inclusion of this Addendum is required to conform to HUD CPD Notice 11-03 issued in June 2011, which specified a new set of IDIS (Integrated Disbursement and Information System) Financial Summary and Activity Summary reports that State CDBG Programs must include as attachments to the CDBG Program Narrative section of their annual CAPERs. The required IDIS reports are only available via download from the HUD IDIS system and include:

IDIS PR28 – Financial Summary Reports

IDIS PR28 – Activity Summary

The Financial Summaries can also be found in the 2012 CAPER itself, in Section IV – CDBG Program Narrative. The Activity Summary Report is included only in this Addendum. Both reports are described below.

Important Note: These IDIS reports are still fairly new and HUD had to make substantial modifications to the IDIS system to incorporate additional information and allow reporting according to the unique reporting requirements for State CDBG Programs. The previous version of IDIS, which had been in use for many years, did not track all the information necessary to meet all State Program reporting requirements, in particular the requirement to track projects by year of HUD Grant funding. The State has therefore always had its own dedicated system for grants management information for CDBG, and like all other states, met reporting requirements using data and reports generated from our own system. The IDIS reports that are now required are accurate only for grants received from HUD, and funding and expenditures entered into IDIS since the system upgrade. In addition, there are some elements of State Programs that HUD acknowledges that IDIS cannot completely accommodate, and therefore created a means by which states identify needed adjustments to the Financial Summary Reports and enter these into IDIS before printing the reports. Readers are cautioned to carefully review the notes below regarding adjustments to the Financial Summaries, as well as the notes regarding data, format, and presentation of data on the Activity Summary.

IDIS Financial Summary Reports

The IDIS Financial Summary reports are generally focused on expenditures or the amount of each year's HUD Grant expended by the state and its subrecipients during the program year. Only Part I A, Sources of State CDBG Funds and Part I B, State CDBG Resources by Use show amounts obligated to recipients and set aside for state program administration and technical assistance. All other sections show expenditures, including: Part I C, Expenditures; Part I D, Compliance with Public Service Cap; Part I E, Compliance with Planning and Administration

CDBG PROGRAM ATTACHMENTS

Cap; and Part II - Compliance with Overall Low and Moderate Income Benefit. These IDIS Financial Summary Reports are also “live” reports reflecting data in IDIS as of the report run date. To include a Financial Summary for each open HUD Grant Year as of the end of the Program Year, HUD indicated that states should print an archive of the report as of program year end, or March 31, 2013.

Financial Summary Adjustments

There are multiple “**adjustment**” lines indicated on the Financial Summaries. HUD designed the reports to include state input adjustment to ensure correct reporting of data given a) issues related to older IDIS data entered prior to the recent IDIS update for State CDBG, b) differences between State and Entitlement CDBG Program reporting requirements not always accurately reflected in the State report which was modified from existing Entitlement reports, and c) to ensure accurate reporting. The specific “**adjustments**” included on the appropriate lines are those required, as indicated in HUD CPD Notice 11-03, to make IDIS generated data included on the Financial Summaries correct. Also, readers should note that:

- Adjustments are calculated by the State and entered into IDIS prior to running the Financial Summary reports. The Financial Summaries then report IDIS data, state adjustments (on lines with labels beginning with “Adjustment”) and calculated results (on report lines with labels beginning with “**Total**”).
- **Since IDIS data and state adjustments are indicated on the report in addition to the correct, calculated total amount, readers should focus on lines with labels beginning with “Total.”**
- The adjustments shown are those which the State determined to be necessary to reconcile each IDIS Financial Summary to state data as of March 31, 2013. Reports run after that date from IDIS may not yield calculated total lines that correctly reconcile live IDIS data to live state program system data.

Program Income

There are two types of Program Income in IDIS for states, and both are combined in the Financial Summary reporting.

Program Income (PI)

Program Income (PI) is used as received to fund drawdown requests from subrecipients, completely or partially in lieu of drawing funds from the HUD CDBG grant. The state obligates PI funds or upon receipt, to subrecipients with existing grants who have submitted a request for payment. As a result, PI funds are disbursed immediately.

PI must be reported with the HUD Grant for the year during which it is obligated, which is also the year it is **expended**, and it shows up in the IDIS Financial Summaries as “returned to the state” and “redistributed” in that year. PI obligated/expended amounts will not change on Financial Summary Reports included in future CAPERs.

State Revolving Fund Program Income (SF)

State Revolving Fund Program Income (SF) is handled more like the annual HUD grant, in that the state holds SF funds until they can be obligated to a new grant award. Disbursement of SF

CDBG PROGRAM ATTACHMENTS

funds is delayed, occurring only after all grant award and startup conditions have been met and implementation or construction of the funded project begins.

SF program income is reported with the HUD Grant for the year during which it is **obligated** to a subrecipient. This means the entire amount “returned to the state” and “redistributed” shows up in the year it is obligated, rather than in subsequent years when it is expended. SF amounts reported for any HUD Grant Year may change in the future, if the amount of an SF obligated amount is reduced or an SF-funded grant is terminated. In that case, the recaptured funds will show up in the year they are re-obligated.

- Note that IDIS Financial Summary reports use the term “distribution” for both obligation/**expenditure** of PI and **obligation** of SF funds. As noted in CPD 11-03, HUD requires that

“program income (PI) returned to the state belongs to the [HUD Grant] which funds the program year in which the program income is distributed.”

Both PI and SF Program Income show up on the Financial Summaries both as a source of funds and as a use of funds:

- Part A, Sources of State CDBG Funds - Program Income that belongs to the HUD Grant Year is reported along with the annual CDBG grant from HUD, or the “State Allocation.” The amount of Program Income shown includes the total amount of PI obligated/expended and SF obligated during the year. Together the State Allocation and Program Income make up State CDBG resources for the HUD Grant Year.
- Part B, State CDBG Resources by Use – Uses of both Program Income and the State Allocation (annual CDBG grant from HUD) are shown.
 - Program Income “Returned to the State and Redistributed” (Lines 20 - 22) - total amount of PI obligated to grant recipients and expended during the year and SF obligated to grant recipients during the year. The amounts on Line 20 are populated by IDIS and the “Adjustments” on Line 21 are those calculated by the state as necessary to correct the IDIS data on Line 20. The correct total amount redistributed is shown on Line 22 (labeled “Total redistributed”).
 - Program Income “Returned to the State and **Not Yet Redistributed**” (Lines 23 - 25) - unexpended PI and unobligated SF balances. These are only applicable to the Financial Summary for the 2012 HUD Grant, which corresponds to the current program year. For Grant Years prior to 2012, Line 23 is populated by IDIS and “**adjustments**” on Line 24 are those needed to reduce the “total not yet distributed” shown on line 25 to zero (\$0). For Grant Year 2012, Line 23 is also populated by IDIS, but the “**adjustment**” on Line 24 is the amount needed to generate the correct amount of unobligated SF on Line 25.
 - Program Income **Retained by Recipients**, shown on Part B (Lines 26 – 28), should be zero for all HUD Grant Years as no program income is retained by the State or retained by its sub-recipients. Program income on hand must be spent before any additional CDBG funds are drawn. “**Adjustments**” on Line 27 are those needed to reduce the “Total retained” on Line 28 to zero (\$0).

CDBG PROGRAM ATTACHMENTS

- Program Income resources in Part A match Program Income uses in Part B for all HUD Grant Years except the current one (which is 2012 for this performance report). This is because Program Income is reported in the year when it is obligated and can no longer accrue to a particular HUD Grant after March 31 of the corresponding year. The only possible change would be a reduction in SF sources and uses due to the termination of an SF-funded obligation or a reduction of an SF obligated amount.

Public Service Cap (Part I, D)

Previous financial summary report instructions required the state to identify the amount obligated for public service activities, since the amount of State CDBG funds which can be spent on public services is capped at 15%. In the new IDIS Financial Summaries included in these attachments, Part I, D shows expenditures for activities with a public services matrix code in IDIS.

South Carolina tracks expenditures not just by primary activity but also by incidental activities. As recommended by HUD during IDIS training sessions for states, incidental activities are not separately reported in IDIS to avoid duplication of accomplishment data. “**Adjustments**” are therefore those needed to a) correct IDIS populated data on Line 41, and b) include amounts for incidental public services not reflected in IDIS. Note that compliance with the public services cap cannot be determined until all funds from a particular HUD Grant have been expended.

Planning and Administration Cap (Part I, E)

Previous financial summary report instructions required the state to identify the amount obligated for state and local planning and administration, since the amount of State CDBG funds which can be spent on planning and administration is capped at 20%. In the new IDIS Financial Summaries included in these attachments, Part I, E shows expenditures for activities with a planning or administration matrix code in IDIS.

South Carolina tracks expenditures by activity as well as by incidental activities not reported in IDIS, as described above. “**Adjustments**” are those needed to a) correct IDIS populated data on Line 50, and b) include amounts for incidental local administration and planning. Note that compliance with the planning and administration cap cannot be determined until all funds from a particular HUD Grant have been expended.

Compliance with Overall Low and Moderate Income Benefit (Part II)

Previous financial summary report instructions required the state to identify the amount obligated by national objective, since at least 70% of State CDBG funds must benefit Low and Moderate Income persons. In the new IDIS Financial Summaries included in these attachments, Part II shows expenditures in IDIS for activities based on the CDBG National Objective.

South Carolina tracks expenditures by activity as well as by incidental activities not reported in IDIS, as described above. In some cases, an incidental budget item may meet a different national objective. In other cases, incidental local planning and administration needs to be excluded from the amount of funds expended for activities meeting the Low and Moderate Income (LMI), Slum/Blight or Urgent Need national objectives. “**Adjustments**” are those needed to a) correct IDIS populated data on Lines 61, 65 and 68, b) adjust for incidental activities meeting different national objectives than the project as a whole, and/or c) adjust for incidental local administration and planning.

Part I: Financial Status

A. Sources of State CDBG Funds

1)	State Allocation	\$21,829,088.00
2)	Program Income	
3)	Program income receipted in IDIS	\$757,933.88
3 a)	Program income receipted from Section 108 Projects (for SI type)	\$0.00
4)	Adjustment to compute total program income	\$0.00
5)	Total program income (sum of lines 3 and 4)	\$757,933.88
6)	Section 108 Loan Funds	\$0.00
7)	Total State CDBG Resources (sum of lines 1,5 and 6)	\$22,587,021.88

B. State CDBG Resources by Use

8)	State Allocation	
9)	Obligated to recipients	\$20,884,496.00
10)	Adjustment to compute total obligated to recipients	-\$746,937.00
11)	Total obligated to recipients (sum of lines 9 and 10)	\$20,137,559.00
12)	Set aside for State Administration	\$536,581.00
13)	Adjustment to compute total set aside for State Administration	\$0.00
14)	Total set aside for State Administration (sum of lines 12 and 13)	\$536,581.00
15)	Set aside for Technical Assistance	\$218,290.00
16)	Adjustment to compute total set aside for Technical Assistance	\$0.00
17)	Total set aside for Technical Assistance (sum of lines 15 and 16)	\$218,290.00
18)	State funds set aside for State Administration match	\$436,581.00

IDIS Activity Summary

The Activity Summary, which is available as a separate document and can be downloaded from www.cdbgSC.com, reports activities funded out of each open HUD grant. Per HUD notice CPD 11-03, the state has included this report in the attachments to this Performance Report and the source of the data is IDIS. However, the state notes that many activities are not included on this Activity Summary, so it should not be used to review or evaluate the data included on the Financial Summary reports. Instead, the state will maintain supporting data for the Financial Summaries in its Program Year 2012 files.

Generally, it appears that activities are included on the IDIS Activity Summary if funds were expended during the current program year, the activity was completed or canceled in IDIS during the year, or if the activity was for some other reason flagged by IDIS for inclusion on the report. Activities appear to be excluded from the report if they were completed before the current program year, had no draws during the year, or were completed after the current program year end on March 31, 2013. The latter is true even if funds were drawn for the activity during the current program year.

Other issues of note involve how the IDIS report displays information. Notably,

- Data that is not collected by IDIS or which is not applicable for a particular type of activity is often shown as zero “0” rather than as a blank, NULL (no value exists) or “N/A.”
- Both proposed and actual accomplishments for **Low Mod Area Benefit (LMA)** activities are shown **only** under Proposed Accomplishments and **not at all under Actual Accomplishments**. Data shown by IDIS is “proposed” if the activity is open in IDIS and “actual” if the activity is completed. Zeros (0) are shown for completed activities for all Actual Accomplishments categories including persons by income, race and ethnicity. While the state collects and maintains detailed income, race and ethnicity information for all LMA activities, either from census or survey, this information is not collected in IDIS and is not available for inclusion on the Activity Summary Report. Please refer to the *Family and Persons Assisted by CDBG Funding* section, above.

Labels for other information on the Activity Summary can be misleading. The notes below indicate the State’s conclusions regarding the other data elements included on the Activity Summary.

- **UGLG** – the unit of local government to which the state has obligated funding from one or more HUD Grants. Note that if the activity is for a Regional Planning grant, the local government name is shown in the “IDIS Activity” field.
- **Grant Year** – The year of the HUD Grant from which funds were obligated to the local government.
- **Project** – The CDBG Program under which funds were obligated to the local government.
- **IDIS Activity** – The number assigned to the activity by IDIS, plus the name of the local government.
- **Status** – The IDIS status of the activity, assigned by IDIS, which can be:

CDBG PROGRAM ATTACHMENTS

- “Completed” if the activity has been closed in IDIS, and in which case it will show the date closed in IDIS,
- “Open” along with a zero, which indicates no completed date, or
- “Canceled” for activities that have been cancelled in IDIS.
- **Objective** – One of three HUD objectives which the activity will address. This is entered by the state and generally corresponds to Table 3A objectives. These are either “Decent Housing,” “Suitable Living Environment” or “Economic Opportunity.”
- **Outcome** – One of three HUD outcomes which the activity will achieve. This is entered by the state and generally corresponds to Table 3A objective outcomes. These are either “Availability/Accessibility,” “Affordability” or “Sustainability.” CDBG activities generally reflect Availability or Sustainability.
- **Matrix Code** – An IDIS code which generally indicates activity type. The state selects the most appropriate code from a list established by HUD for IDIS.
- **National Objective** – One of three HUD national objectives. The state selects the appropriate national objective for each activity. Note that state planning, state administration and technical assistance do not need to meet a national objective and HUD does not allow national objective data for these types of activities.
- **Initial Funding Date** – The date on which funding for the activity was physically set up in IDIS. Date obligated is collected by IDIS to facilitate reporting on the timeliness of obligating funds, but this information is not shown on the Activity Summary.
- **Financing:**
 - **Funded Amount** – Amount of the HUD Grant obligated to the activity, including both PI and SF Program Income. Data for activities which have multiple funding from multiple HUD Grants will be replicated and appear under each year, meaning the number of people or households expected to or actually benefiting is also duplicated. But the total amount of funding for activities that are “split-funded” is adjusted to show only the portion funded from each applicable HUD Grant.
 - **Net Drawn** – The cumulative amount of HUD Grant funds, PI or SF expended.
 - **Balance** – IDIS calculated balance, or funded amount less net drawn.
- **Proposed Accomplishments** – IDIS uses this area to display different data, depending on the national objective and activity status.
 - **People**
 - Open activity meeting an LMA, LMC, SBA, SBS or UN National Objective - number of people expected to benefit
 - Open activity meeting an LMJ National Objective - number of jobs expected to be created or retained
 - Open activity meeting an LMH National Objective - number of households expected to benefit
 - Completed activity meeting an LMA National Objective - actual number of people who benefited
 - **Total Population in Service Area**

CDBG PROGRAM ATTACHMENTS

- Open activity meeting an LMA National Objective - number of people expected to benefit, based on either the census or survey
- Completed activity meeting an LMA National Objective – actual number of people benefited, based on either the census or survey
- All other activities - **“not applicable” but displayed as zero (0)**
- ***Census Tract Percent Low/Mod***
 - Open activity meeting an LMA National Objective – percentage of total number of people expected to benefit who are low to moderate income (LMI), based on either the census data or surveys. Note that IDIS data includes the number of LMI people but the Activity Summary shows ONLY the percent LMI.
 - Completed activity meeting an LMA National Objective – percentage of total, actual number of people who benefited who are low to moderate income (LMI), based on either the census data or surveys. Note that IDIS data includes the number of LMI people but the Activity Summary shows ONLY the percent LMI. The state updates total and LMI figures for every project at completion.
 - All other activities - **“not applicable” but displayed as zero (0)**
 - Refer to ***Attachment 2, CDBG Low and Moderate Income and Civil Rights Report*** for more complete data on beneficiaries, including income, race and ethnicity for beneficiaries for completed projects.
- **Actual Accomplishments:** Although actual accomplishments are available for all completed activities (except those with state planning matrix codes), **IDIS displays zeroes (0) for most completed activities. This should be interpreted as “data not available in IDIS for this activity type.”** The reason is that IDIS does not allow entry of income, race or ethnicity data for LMA activities, and the majority of projects funded by the State are those which meet an LMI Area Benefit National Objective. The only actual accomplishment data for LMA projects is displayed in “Proposed Accomplishments.” See above.
- ***Number Assisted*** – Data here, if displayed by IDIS, indicates total people, households or jobs by Race/Ethnicity and, if applicable, Household Tenure (owner/renter)
 - Completed Activities meeting an LMA National Objective - Zero (0) for all categories including persons by income, race and ethnicity. While the state collects and maintains detailed income, race and ethnicity information for all LMA activities, either from census or survey, this information is not collected in IDIS and is not available for inclusion on the Activity Summary Report. Refer to ***Attachment 2, CDBG Low and Moderate Income and Civil Rights Report*** for more complete data on beneficiaries, including income, race and ethnicity for beneficiaries for completed projects.
 - Completed projects meeting an LMH National Objective – number of households as applicable in columns labeled “Owner,” “Renter” and “Total”.

CDBG PROGRAM ATTACHMENTS

- Completed projects meeting LMJ or LMC National Objectives, or other non-LMA, non-housing projects – number of people in the column labeled “Persons.”
- **Female-headed households** – Zero (0) except for complete LMH activities
- **Income Category** - Data here, *if displayed by IDIS*, indicates total people, households or jobs by category of income: Extremely Low (0-30% AMI), Very Low (30-50% AMI), Moderate (50-80% AMI), Non-Low Moderate (over 80% AMI), along with the Total and the percentage of total for each income category.
 - Completed Activities meeting an LMA National Objective - Zero (0) for all categories including persons by income, race and ethnicity. While the state collects and maintains detailed income, race and ethnicity information for all LMA activities, either from census or survey, this information is not collected in IDIS and is not available for inclusion on the Activity Summary Report. Refer to **Attachment 2, CDBG Low and Moderate Income and Civil Rights Report** for more complete data on beneficiaries, including income, race and ethnicity for beneficiaries for completed projects.
 - Completed projects meeting an LMH National Objective – number of households as applicable in columns labeled “Owner,” “Renter” and “Total”.
 - Completed projects meeting LMJ or LMC National Objectives, or other non-LMA, non-housing projects – number of people in the column labeled “Persons.”
- **Annual Accomplishments / Accomplishment Narrative** – IDIS requires different information for different project types, including accomplishments by year of accomplishment. However, this report generally shows zero (0) as the number benefiting, rather than data entered into IDIS for completed activities. For LMA completed projects, see “Proposed Accomplishments” above. For all other projects, see “Number Assisted” and “Income Category” above.

Activities not in IDIS

There are no activities that are not in IDIS. However, as noted above, not all activities are shown on the IDIS Activity Summary.
