CDBG Program Attachments

This Addendum contains the attachments to the State of South Carolina's Program Year 2014 Consolidated Annual Performance & Evaluation Report (CAPER), Section IV – CDBG Program Narrative. Inclusion of this Addendum is required to conform to HUD CPD Notice 11-03 issued in June 2011, which specified IDIS (Integrated Disbursement and Information System) PR28 Financial Summary and Activity Summary reports that State CDBG Programs must include as attachments to the CDBG Program Narrative section of their annual CAPERs. The required IDIS reports are only available via download from the HUD IDIS system and include:

- IDIS PR28 – Financial Summary Reports
- IDIS PR28 – Activity Summary Report

The Financial Summaries can be found in the 2014 CAPER itself, in Section IV – CDBG Program Narrative. The Activity Summary Report is included only in this Addendum. Both reports are described below.

PR28 IDIS Activity Summary Report

The PR28 IDIS Activity Summary is required per HUD notice CPD 11-03. Because of its length, it is provided in the separate CDBG Program Attachments addendum to this performance report and can be downloaded from www.cdbgSC.com.

This report lists activities according to the HUD grant or annual CDBG allocation out of which they were funded. However, not all activities funded out of each HUD Grant are included on the PR28 Activity Summary. The Activity Summary lists active grants, which are generally those with funds expended during the year or that were completed or canceled in IDIS during the program year. And the Activity Summary does not list activities completed prior to the start of the program year, or activities which are open but expended no funds during the program year. Consequently, this report should not be considered as backup or a source of supporting data for the PR28 Financial Summary reports. Supporting data for the Financial Summaries is maintained in the State's files.

The Activity Summary displays information as follows:

- Data that is not collected by IDIS or which is not applicable for a particular type of activity is shown as zero "0" rather than left blank or shown as NULL (no value exists) or N/A (not applicable or not available in IDIS).

- Proposed and actual accomplishments for Low Mod Area Benefit (LMA) activities are shown only in the section labeled “Proposed Accomplishments.” Data in the “Proposed Accomplishments” section is, in fact, proposed only if the activity is open in IDIS. If the activity has been completed in IDIS, the data displayed is the actual accomplishment data (regardless of the incorrect label).
- No actual accomplishment information for LMA projects is shown in the section labeled “Actual Accomplishments.” This is because there is no provision for entering this information in IDIS for LMA projects, and IDIS does not have any information to display on the Activity Summary. As noted above, the report displays a zero (0) instead of NULL or N/A.

Despite the incomplete nature of LMA project information displayed in the Activity Summary, the State does collect and maintain all pertinent information, including information on the race, ethnicity and income level of people benefiting from all CDBG-funded projects. Please refer to Section II - Families and Persons Assisted and to Families and Persons Assisted by CDBG Funding, above.

Labels and related data on the Activity Summary include:

- **UGLG** – the unit of local government to which the state has obligated funding from one or more HUD Grants.
- **Grant Year** – The year of the annual CDBG Allocation or HUD Grant from which funds were obligated to the local government.
- **Project** – The CDBG Program for the applicable annual allocation under which funds were distributed, or obligated to the local government.
- **IDIS Activity** – The number assigned to the activity by IDIS, plus the name of the local government.
- **Status** – The status of the activity in IDIS, followed by either: a) the date completed or canceled, or b) if the grant is open, a zero (0) indicating a date is not applicable.
- **Objective** – One of three HUD objectives (Decent Housing, Suitable Living Environment or Economic Opportunity) which the activity will address.
- **Outcome** – One of three HUD outcomes (Availability/Accessibility, Affordability or Sustainability) which the activity will achieve.
- **Matrix Code** – An IDIS code indicating activity type.
- **National Objective** – A code reflecting one of three HUD national objectives and specific eligibility under each (LMA area benefit, LMC limited clientele, LMJ jobs, LMH housing, SBA Slum/Blight area, SBS Slum/Blight Spot, and UN urgent need). Note that state planning, state administration and technical assistance do not need to meet a national objective and the report displays (0) to indicate not applicable for these types of activities.
- **Initial Funding Date** – The date the activity was initially funded in IDIS, as distinct from the date obligated on the grant award between the State and the recipient. Date obligated is collected by IDIS (and maintained in the State’s records) but is not shown on the Activity Summary.

- **Financing:**
 - ***Funded Amount*** – Amount of the annual CDBG Allocation or HUD Grant obligated to the activity, plus any PI or SF Program Income. Activities which have funding from multiple HUD Grants will show up under each year of funding, with only financial information unique to the grant year. All other information is duplicated.
 - ***Net Drawn*** – The cumulative amount of the HUD Grant, PI or SF expended.
 - ***Balance*** – Funded amount less net drawn.
- **Proposed Accomplishments** – Data shown here varies, depending on the national objective and activity status.
 - ***People (General)***
 - Open activity meeting an LMA, LMC, SBA, SBS or UN National Objective - number of people *expected* to benefit
 - **Completed activity** meeting an LMA, SBA, SBS or UN National Objective - **actual accomplishments, or actual number of people who benefited.** Actual people benefiting from completed LMC activities are shown in the Actual Accomplishments section.
 - ***Jobs***
 - Open activity meeting an LMJ National Objective - number of jobs expected to be created or retained. Actual jobs when a project is complete are shown in the Actual Accomplishments section.
 - ***Units***
 - Open activity meeting an LMH National Objective - number of households expected to benefit. Actual units when a project is complete are shown in the Actual Accomplishments section.
 - ***Total Population in Service Area***
 - Zero (0) - not applicable (all non-LMA projects)
 - Open LMA activities – total number of people expected to benefit, based on either census data or a survey
 - Completed LMA activities – actual number of people who benefited, based on either census data or a survey
 - ***Census Tract Percent Low/Mod***
 - Zero (0) - All non-LMA activities, indicating not applicable
 - Open LMA activities – percentage of people expected to benefit who are LMI, based on either census data or a survey. Number of LMI is not shown.
 - Completed LMA activities – percentage of people who actually benefited who were LMI, based on either census data or a survey. Number of LMI is not shown.

- **Actual Accomplishments:** Although the State collects actual accomplishment data for all completed activities (except those with state planning matrix codes), and maintains this information in its files, the Activity Summary **displays zeroes (0) for most completed activities. This should be interpreted as “data not available in IDIS for this activity type.”** As discussed above, the only actual accomplishment data for LMA projects is shown in “Proposed Accomplishments” section of the Activity Summary (see above).
 - *Number Assisted (by Race/Ethnicity)*
 - Zero (0) for all categories – open activities and completed LMA activities, indicating not available.
 - Completed LMH activities – number of households as applicable in columns labeled Owner, Renter and Total.
 - Completed LMJ or LMC activities – number of people in the column(s) labeled Total. (Owner and renter columns have zeroes, indicating not applicable.)
- **Female-headed households** – Zero (0) indicating not applicable for activities except completed LMH activities.
- **Income Category** - Data here, *if displayed by IDIS*, indicates total people, households or jobs by category of income: Extremely Low (0-30% AMI), Very Low (30-50% AMI), Moderate (50-80% AMI), Non-Low Moderate (over 80% AMI), along with the Total and the percent LMI.
 - Zero (0) for all categories – open activities and completed LMA activities, indicating not available.
 - Completed LMH activities – number of households as applicable in columns labeled Owner, Renter and Total.
 - Completed LMJ or LMC activities – number of people in the column labeled Persons. (Owner, renter and total columns have zeroes, indicating not applicable.)
- **Annual Accomplishments / Accomplishment Narrative** – This report generally shows zero (0) as the number benefiting, rather than data entered into IDIS for completed activities. For LMA completed projects, see “Proposed Accomplishments” above. For all other projects, see “Number Assisted” and “Income Category” above.
