# Overview of CDBG-CV Funds and Programs

- **CARES Act-** On March 27, 2020, the president signed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The \$2 trillion aid package, included funding for CDBG-CV. South Carolina received three allocations of CDBG-CV (CDBG-CV1, CV2 and CV3) for a total of \$39,499,819.
- **CDBG-CV Overview**
  - **Projects must be needed to prepare for, respond to and prevent coronavirus.**
  - Activities must not result in duplication of benefits (DoB), where cumulative assistance from all sources exceeds the amount of the need.
  - While many of the same rules that apply to regular CDBG program funds also apply to CDBG-CV funds, the funds must be kept separate. CDBG-CV funds will have separate reporting requirements and expenditures will be tracked separately from the regular CDBG program.
  - CARES Act provided other flexibilities and waivers, including suspension of the public services cap during the emergency
- **CDBG-CV1**
  - Funding will be used to assist **non-Entitlement local governments** with community response to the coronavirus pandemic through funding for critically needed public services and public facility improvements
