

ADDENDUM

CDBG Program Attachments

South Carolina Consolidated Annual Performance & Evaluation Report

*Program Year 2022
April 1, 2022 – March 31, 2023*

CDBG Program Attachments

This Addendum contains the required CDBG Program Reports which must be submitted with the State’s CAPER. These are the IDIS PR 28 Reports, including the PR 28 Financial Summaries for all open HUD grants and those closed during the Program Year, and the PR 28 Activity Summary. These reports are described below.

PR28 IDIS Financial Summaries

The PR28 Financial Summary reports identify the amount of each year’s HUD Grant expended by the State and its subrecipients during the program year. Only Part I A, Sources of State CDBG Funds and Part I B, State CDBG Resources by Use show amounts obligated to recipients and set aside for state program administration and technical assistance. All other sections show expenditures, including Part I D, Compliance with Public Service Cap; Part I E, Compliance with Planning and Administration Cap; and Part II - Compliance with Overall Low and Moderate Income Benefit.

The IDIS Financial Summary Reports are also “live” reports reflecting data in IDIS as of the report run date. HUD guidance instructs the State to run the Financial Summary report for each open HUD Grant Year as of the end of the Program Year, to serve as an archive of the financial status of each open HUD grant as of that date.

Financial Summary Adjustments

There are multiple **adjustment** lines on the IDIS PR28 Financial Summaries. The reason for this is that IDIS did not originally accommodate all the information needed to comply with State CDBG Program reporting requirements, and data collected by IDIS, especially for older HUD grants, was generally inaccurate. HUD therefore designed an interface by which states can enter adjustments to IDIS-generated data to ensure correct reporting. On the PR28, unadjusted IDIS data is presented first, followed by adjustments, and finally by the calculated result or total amount.

Readers should focus on report lines with labels beginning with “Total.”

- Note: Adjustments on each PR28 are those necessary to reconcile the PR28 Financial Summary data with state financial data and reports.
- Note that allocation, amounts obligated to recipients, expenditures and all other amounts are current as of March 31, 2023.

Program Income

Program Income refers to CDBG funds recaptured by the State and used in two distinct ways: as regular program income (PI), or as state revolving fund program income (SF). These are combined

on the Financial Summary reports as “program income,” but they are reported differently, per HUD, depending on when they are distributed. According to HUD CPD 11-03:

*“... program income (PI) returned to the state belongs to the [HUD Grant] which funds the program year in which the program income is **distributed**.”*

The difference lies in when HUD considers the two forms of Program Income to be distributed:

- PI is distributed when expended
- SF is distributed when obligated

PI is expended or disbursed as it is received. SF is handled more like the annual HUD Grant. The State obligates SF funds for new grant awards or increases to existing awards, and SF funds are reported with the HUD Grant corresponding to the year **obligated**. Like regular CDBG grant funds, disbursement of SF funds is delayed until after grant award and startup, once implementation or construction of an SF-funded project begins. And SF funding can change after it is obligated, if an SF obligated amount is reduced or an SF-funded grant is terminated. In that case, the recaptured funds will show up in the year they are re-obligated. Also, SF funds that were received in one year but not obligated, will roll forward to newer HUD Grant years until obligated.

Financial Summary Reporting of PI & SF Funds

How PI and SF program income appear on the PR28 Financial Summary for each HUD grant is inconsistent, requiring different adjustments each year. Here are the assumptions on which our adjustments have been based:

- Part A
 - Program Income that belongs to the HUD Grant Year (generally SF type PI obligated during the program year) should be shown on that year’s PR28 Financial Summary, in the correct amount. Together the State Allocation, or HUD Grant, and Program Income make up State CDBG resources for the HUD Grant Year.
- Part B
 - Program Income Returned to the State and Redistributed - should correctly equal total PI expended during the year and SF obligated to grant recipients during the year. Adjustments are those needed to yield the correct total amount redistributed.
 - Program Income Returned to the State and Not Yet Redistributed – should equal zero for every year but the current program year, since all PI is expended upon receipt and unobligated SF rolls forward to be available for new awards during the current program year.
 - Program Income Retained by Recipients - Zero for all HUD Grant years as no program income is retained by the State or by its sub-recipients.
- Part A Program Income resources match Part B Program Income uses for all but the current HUD Grant year.

Financial Summary Sections

Part I: Financial Status

Part A – Sources of State CDBG Funds

This section indicates total State resources for the program year in which a particular HUD Grant was received, including both the HUD Grant and program income. If the State has Section 108 loan funds, that would also be included here. The State does not have any Section 108 Loan Funds for any open HUD Grant year.

Part B – State CDBG Resources by Use

This section identifies how the State has obligated resources available each year, including Program Income and the annual HUD Grant. Total obligated to recipients is cumulative and reflects all funds awarded to subrecipients or local governments, as of March 31, 2022. This includes funds for projects or activities not shown on the PR28 Activity Summary (see below), due to the limitations of that IDIS report. Expenditure of funds obligated is reported in Part C – Expenditure of State CDBG Resources.

The allowable amount for State Program administration is 2% of the annual allocation plus \$100,000 and for technical assistance is 1% of the annual allocation. Each of these amounts are set aside when the HUD Grant is initially received, along with the State's required matching administration funds equal to 2% of the allocation. The amounts for these do not change after the initial report. Expenditures are reported in Part C.

Lines 19 through 28 correspond to Program Income use, described above.

Part C – Expenditure of State CDBG Resources

This section identifies cumulative expenditure of funds for State Administration, Technical Assistance and "all other activities". For South Carolina, these other activities consist exclusively of means funds awarded to subrecipients or local governments, and expenditures here represent drawdown or expenditure of those funds as projects are implemented.

Part D – Compliance with Public Service (PS) Cap

By regulation, the amount of the annual HUD Grant that can be spent on public services (PS) activities is capped at 15% of the regular CDBG HUD Grant amount plus program income. The CARES Act eliminated the cap on public services for CDBG-CV.

The State tracks all expenditures for public services activities, including those which are primary grant activities and correspond to activities in IDIS, but also at the budget level corresponding to other, incidental activities. Adjustments are those needed to include incidental public services amounts in the total expended for public services activities.

- Note: Compliance with the public services cap cannot be determined until all funds from a particular HUD Grant have been expended.

Part E – Compliance with Planning and Administration (P/A) Cap

By regulation, the amount of the annual HUD Grant that can be spent on planning and administration (P/A) activities is capped at 20% of the HUD Grant amount plus program income.

Like public services, South Carolina tracks expenditures by primary activity as well as by incidental activities. Adjustments are those needed to include incidental local administration and planning in the total expended for planning and administration (P/A) activities.

- Note: Compliance with the planning and administration cap cannot be determined until all funds from a particular HUD Grant have been expended.

Part II: Compliance with Overall Low and Moderate Income Benefit

By regulation, at least 70% of CDBG resources expended over a defined period must benefit Low and Moderate Income (LMI) persons. This section shows expenditures for activities based on the IDIS National Objective, for each three-year LMI compliance period. The report is identical for each of the three HUD Grant Years included in the benefit period.

- Note: Compliance with the Low-Mod Income Benefit requirement cannot be determined until all funds from all three pertinent HUD Grants have been expended.

PR28 IDIS Activity Summary Report

The PR28 IDIS Activity Summary is required per HUD notice CPD 11-03 and must be provided as an addendum to the HUD IDIS CAPER. It must be downloaded from IDIS as of the end of the Program Year in order to preserve a snapshot of the status of open State CDBG grants, or IDIS Activities, as of the March 31 program year end. Because of its length, it is provided in this separate CDBG addendum to the State's performance report, which can be separately downloaded from www.cdbgSC.com.

The PR28 Activity Summary report lists activities according to the HUD grant out of which they were funded. Additionally, not all regular CDBG activities funded out of each regular CDBG HUD Grant are included on the PR28 Activity Summary. Guidance has indicated the Activity Summary lists active grants, which should generally be those with funds expended during the year or that were completed or canceled in IDIS during the program year. Not included are activities awarded during year with no funds drawn, activities completed or canceled prior to the start of the program year, and open activities with no funds expended during the program year.

As a result, many funded activities are missing from each HUD grant section of the report, and for this reason, the PR28 Activity Summary cannot be used as supporting data for the PR28 Financial Summary. Supporting data for the PR28 Financial Summaries is maintained in the State's files. Complete information for all activities newly awarded, open or completed during the program year can also be found in the State's files.

Important notes about the Activity Summary:

- Data that is not collected by IDIS or which is not applicable for a particular type of activity is shown as zero (0). A more accurate representation would be a blank, a NULL value indicating no data exists, or N/A indicating the data is not applicable.
- Proposed and actual accomplishments for Low Mod Area Benefit (LMA) activities are shown only in the section labeled Proposed Accomplishments. Data in the Proposed Accomplishments section is, in fact, proposed only if the activity is open in IDIS. If the activity has been completed in IDIS, the data displayed is actual accomplishment data.

- No actual accomplishment information for LMA projects is shown in the section labeled Actual Accomplishments. This is because there is no provision for entering this information in IDIS, and IDIS does not have any information to display on the Activity Summary. As noted above, the report displays a zero (0) instead of NULL or N/A.

Despite the incomplete nature of LMA project information displayed in the Activity Summary, the State does collect and maintain all pertinent information, including information on the race, ethnicity and income level of people benefiting from all CDBG-funded projects.

Labels and related data on the Activity Summary include:

- **UGLG** – unit of local government or recipient of funds
- **Grant Year** – HUD Grant from which funds were obligated
- **Project** – CDBG Program under which funds were obligated
- **IDIS Activity** – number assigned by IDIS, plus the name of the grant recipient
- **Status** – status in IDIS, followed by the date completed or canceled, or if the grant is open, a zero (0) formatted as \$0.00 to indicate a completed date is not available. As an example:
 - Completed 05/01/2019 or
 - Open \$0.00
- **Objective** – HUD objective for the activity (Decent Housing, Suitable Living Environment or Economic Opportunity)
- **Outcome** – HUD outcome for the activity (Availability/Accessibility, Affordability or Sustainability)
- **Matrix Code** – IDIS code and corresponding project type
- **National Objective** – HUD national objective for the activity (LMA area benefit, LMC limited clientele, LMJ jobs, LMH housing, SBA Slum/Blight area, SBS Slum/Blight Spot, or UN urgent need)
 - Note that state planning, state administration and technical assistance do not need to meet a national objective and the report displays (0) to indicate not applicable for these types of activities.
- **Initial Funding Date** – date initially funded in IDIS, versus date obligated or date of the grant award between the State and the grant recipient. Date obligated is collected by IDIS (and maintained in the State’s records) but is not shown on the Activity Summary.
- **Financing:**
 - **Funded Amount** – amount of HUD Grant funding obligated to the activity, plus any PI or SF Program Income. Activities which have funding from multiple HUD Grants will show up under each year of funding, with the only difference being Grant Year and Funded Amount. All other information is duplicated.
 - **Net Drawn** – amount of the HUD Grant, PI or SF expended
 - **Balance** – funded amount less net drawn

- **Proposed Accomplishments** – Data shown here varies, depending on the national objective and activity status.
 - ***People (General)*** – displays for activities meeting LMA, LMC, SBA, SBS or UN national objectives
 - Open activity - number of people *expected* to benefit
 - Completed activity (except LMC) - actual accomplishments or actual number of people who benefited. Actual people benefiting from completed LMC activities are shown in the Actual Accomplishments section.
 - ***Jobs*** – displays for activities meeting the LMJ national objective
 - Open activity - number of jobs expected to be created or retained. Actual jobs are shown in the Actual Accomplishments section.
 - ***Units*** – displays for activities meeting the LMH national objective
 - Open activity - number of households expected to benefit. Actual units are shown in the Actual Accomplishments section.
 - ***Total Population in Service Area***
 - Zero (0) except for LMA activities
 - Open LMA activities – total number of people expected to benefit, based on either census data or a survey
 - Completed LMA activities – actual number of people who did benefit, based on either census data or a survey
 - ***Census Tract Percent Low/Mod***
 - Zero (0) except for LMA activities
 - Open LMA activities – percentage of people expected to benefit who are LMI. Number of LMI is not shown.
 - Completed LMA activities – percentage of people who actually did benefit who are LMI. Number of LMI is not shown.
- **Actual Accomplishments:** Although the State collects actual accomplishment data for all completed activities and maintains this information in its files, **the Activity Summary displays zeroes (0) for most completed activities.** This should be interpreted as “data in this section is not available in IDIS for this activity type.”

As discussed above, the only actual accomplishment data for LMA projects is shown in the Proposed Accomplishments section of the Activity Summary.

Data in this section of the PR28 Activity Summary generally only applies to direct benefit projects. All other activities and project types will have zeroes (0) in this section indicating not applicable.

- ***Number Assisted (by Race/Ethnicity)***
 - Zero (0) for all open activities

- Zero (0) for completed LMA activities
- Completed LMH activities – number of households in columns labeled Owner, Renter and Total
- Completed LMJ or LMC activities – number of people in the column(s) labeled Total. (Owner and renter columns have zeroes, indicating not applicable.)
- ***Female-headed households*** – Zero (0) indicating not applicable
- ***Income Category*** - Total people, households or jobs by category of income
 - Zero (0) for all open activities
 - Zero (0) for completed LMA activities
 - Completed LMH activities – number of households in columns labeled Owner, Renter and Total
 - Completed LMJ or LMC activities – number of people in the column labeled Persons. (Owner, renter and total columns have zeroes, indicating not applicable.)
- ***Annual Accomplishments / Accomplishment Narrative*** – generally zero (0) shown as the number benefiting, rather than data actually entered into IDIS for completed activities.
 - For LMA completed projects, see the Proposed Accomplishments section.
 - For all other projects, see Number Assisted and Income Category in the Actual Accomplishments section.

2022

0Project completed and project benefit documented. "Other" Section 3 efforts included:

- Identified projected employment, training and contracting opportunities and facilitated training and employment of Section 3 residents as contracting with Section 3 residents.
- Identified Section 3 business concerns through the local chambers of commerce, business associations, citizen advisory boards, local media advertising (i.e. newspapers) and other appropriate referral sources. List are also maintained of eligible business concerns that utilize CDBG-funded procurements. Appropriate project area business concerns were notified of pending contractual opportunities.
- Included Section 3 information in procurement solicitation and incorporated Section 3 clauses in contractual documents. Section 3 info was discussed at the pre-construction conferences and the contractors compliance was reviewed during monitoring.
- Required all bidders to submit written Section 3 hiring and business utilization plans. The contractors were also required to submit reports to document actual accomplishments.
- Designated a local government official to serve as the locality/grantees Section 3 coordinator. The coordinator maintained records to document the steps taken to implement the Section 3 plans as well as any barriers that were encountered.

2022	<p>0Project completed and project benefit documented. "Other" Section 3 efforts included:</p> <ul style="list-style-type: none">- Identified projected employment, training and contracting opportunities and facilitated training and employment of Section 3 residents as contracting with Section 3 residents.- Identified Section 3 business concerns through the local chambers of commerce, business associations, citizen advisory boards, local media advertising (i.e. newspapers) and other appropriate referral sources. List are also maintained of eligible business concerns that utilize CDBG-funded procurements. Appropriate project area business concerns were notified of pending contractual opportunities.- Included Section 3 information in procurement solicitation and incorporated Section 3 clauses in contractual documents. Section 3 info was discussed at the pre-construction conferences and the contractors compliance was reviewed during monitoring.- Required all bidders to submit written Section 3 hiring and business utilization plans. The contractors were also required to submit reports to document actual accomplishments.- Designated a local government official to serve as the locality/grantees Section 3 coordinator. The coordinator maintained records to document the steps taken to implement the Section 3 plans as well as any barriers that were encountered.

2022	<p>0Project completed and project benefit documented. "Other" Section 3 efforts included:</p> <ul style="list-style-type: none">- Identified projected employment, training and contracting opportunities and facilitated training and employment of Section 3 residents as contracting with Section 3 residents.- Identified Section 3 business concerns through the local chambers of commerce, business associations, citizen advisory boards, local media advertising (i.e. newspapers) and other appropriate referral sources. List are also maintained of eligible business concerns that utilize CDBG-funded procurements. Appropriate project area business concerns were notified of pending contractual opportunities.- Included Section 3 information in procurement solicitation and incorporated Section 3 clauses in contractual documents. Section 3 info was discussed at the pre-construction conferences and the contractors compliance was reviewed during monitoring.- Required all bidders to submit written Section 3 hiring and business utilization plans. The contractors were also required to submit reports to document actual accomplishments.- Designated a local government official to serve as the locality/grantees Section 3 coordinator. The coordinator maintained records to document the steps taken to implement the Section 3 plans as well as any barriers that were encountered.

2022	<p>0Project completed and project benefit documented. "Other" Section 3 efforts included:</p> <ul style="list-style-type: none">- Identified projected employment, training and contracting opportunities and facilitated training and employment of Section 3 residents as contracting with Section 3 residents.- Identified Section 3 business concerns through the local chambers of commerce, business associations, citizen advisory boards, local media advertising (i.e. newspapers) and other appropriate referral sources. List are also maintained of eligible business concerns that utilize CDBG-funded procurements. Appropriate project area business concerns were notified of pending contractual opportunities.- Included Section 3 information in procurement solicitation and incorporated Section 3 clauses in contractual documents. Section 3 info was discussed at the pre-construction conferences and the contractors compliance was reviewed during monitoring.- Required all bidders to submit written Section 3 hiring and business utilization plans. The contractors were also required to submit reports to document actual accomplishments.- Designated a local government official to serve as the locality/grantees Section 3 coordinator. The coordinator maintained records to document the steps taken to implement the Section 3 plans as well as any barriers that were encountered.

2022

0Project completed and project benefit documented. "Other" Section 3 efforts included:

- Identified projected employment, training and contracting opportunities and facilitated training and employment of Section 3 residents as contracting with Section 3 residents.
- Identified Section 3 business concerns through the local chambers of commerce, business associations, citizen advisory boards, local media advertising (i.e. newspapers) and other appropriate referral sources. List are also maintained of eligible business concerns that utilize CDBG-funded procurements. Appropriate project area business concerns were notified of pending contractual opportunities.
- Included Section 3 information in procurement solicitation and incorporated Section 3 clauses in contractual documents. Section 3 info was discussed at the pre-construction conferences and the contractors compliance was reviewed during monitoring.
- Required all bidders to submit written Section 3 hiring and business utilization plans. The contractors were also required to submit reports to document actual accomplishments.
- Designated a local government official to serve as the locality/grantees Section 3 coordinator. The coordinator maintained records to document the steps taken to implement the Section 3 plans as well as any barriers that were encountered.

2022	<p>0Project completed and project benefit documented. "Other" Section 3 efforts included:</p> <ul style="list-style-type: none">- Identified projected employment, training and contracting opportunities and facilitated training and employment of Section 3 residents as contracting with Section 3 residents.- Identified Section 3 business concerns through the local chambers of commerce, business associations, citizen advisory boards, local media advertising (i.e. newspapers) and other appropriate referral sources. List are also maintained of eligible business concerns that utilize CDBG-funded procurements. Appropriate project area business concerns were notified of pending contractual opportunities.- Included Section 3 information in procurement solicitation and incorporated Section 3 clauses in contractual documents. Section 3 info was discussed at the pre-construction conferences and the contractors compliance was reviewed during monitoring.- Required all bidders to submit written Section 3 hiring and business utilization plans. The contractors were also required to submit reports to document actual accomplishments.- Designated a local government official to serve as the locality/grantees Section 3 coordinator. The coordinator maintained records to document the steps taken to implement the Section 3 plans as well as any barriers that were encountered.
